FROM: Margaret Magruder, Budget Officer

SUBJECT: FYE 2023 BUDGET MESSAGE

Dear Members of the Columbia County Development Agency, Citizen Members of the Budget Committee, and Citizens of Columbia County:

It is my pleasure, as the Budget Officer for the Columbia County Development Agency ("Agency"), to present in accordance with Oregon Budget Law, our FY 2022-2023 budget for consideration by the Columbia County Development Agency Budget Committee.

The Agency is an urban renewal agency for Columbia County, which has the authority to administer the Port Westward Urban Renewal Plan. The Agency receives property tax increment, which may be used to pay debt incurred by the Agency administrating the Urban Renewal Plan. This is the 19th budget year for this agency.

The Agency substantially underlevied the amount of annual property tax revenue imposed in FYE 2022, resulting in an increase of over \$2.4 million in property tax revenues for affected taxing districts. With a fund balance sufficient to pay off all outstanding indebtedness, and forecast for stable property tax revenue, the Agency finds itself in a position to pursue strategies for paying off the remaining debt, while minimizing the fiscal impacts to affected taxing districts.

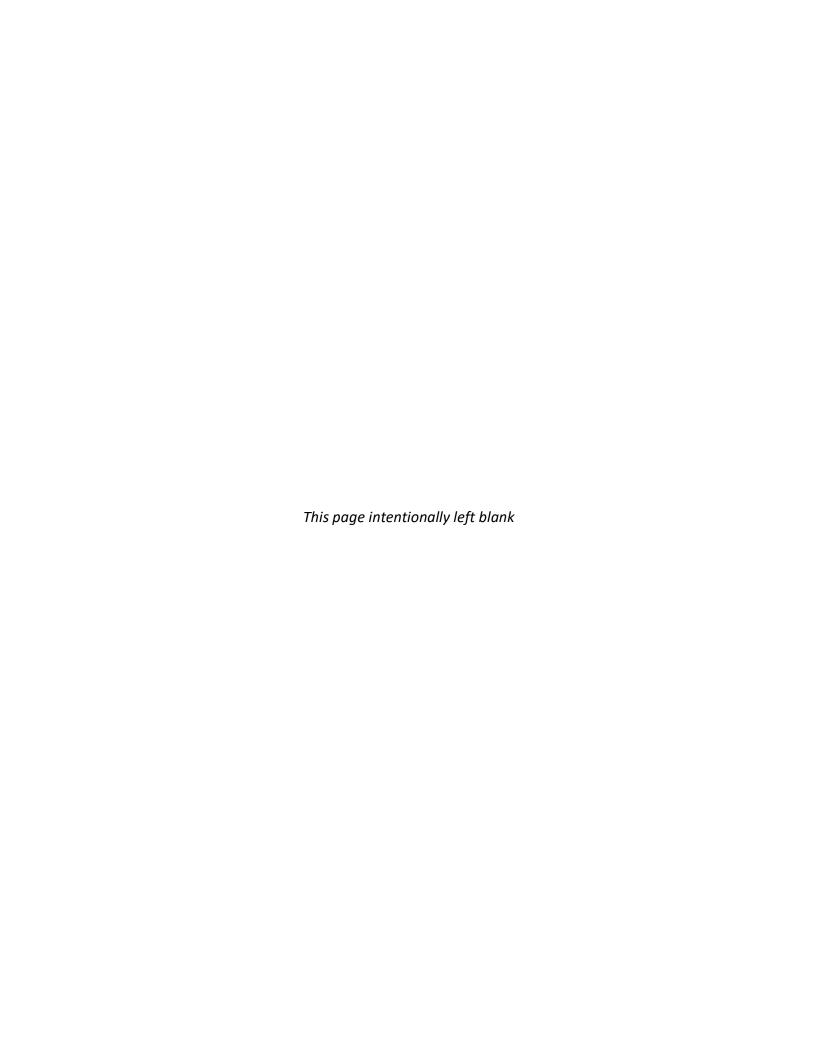

The Agency plans to accomplish these results by paying off all outstanding indebtedness in FYE 2023 and terminating the collection of property tax increment revenue in future years. This strategy is contingent upon the Agency negotiating a reimbursement agreement with the Port of Columbia County. A reimbursement agreement is key to protect affected taxing districts from the risk of a costly and unnecessary use of taxing district resources to pay for debt service expenses that would otherwise have been paid for by the private-sector in future years. This approach is discussed in further detail in the Budget Narrative section of this document.

Pursuant to Oregon Budget Law, the Budget Detail Report shows the historical data of actual expenditures and resources for the two preceding years and the adopted budget for the current fiscal year ending June 30, 2022 on the left side of the Description column. My recommendations are listed on the right side under the column entitled "FYE 2023 Proposed." Your action will appear under the column entitled "FYE 2023 Approved," and the final appropriation will appear under the column entitled "FYE 2023 Adopted."

Respectfully submitted,

Margaret Magruder

Margaret Magruder Budget Officer

NOTICE OF BUDGET COMMITTTEE MEETING

A public meeting of the Budget Committee of Columbia County Development Agency, State of Oregon, to discuss the budget for the fiscal year July 1, 2022 to June 30, 2023, will be held at 230 Strand Street St. Helens, Oregon 97051 in room 310. Budget Narrative

The Columbia County Development Agency is the urban renewal Agency for Columbia County, which has the authority to administer the Port Westward Urban Renewal Plan. The Agency receives property tax increment revenues, which may be used to pay debt incurred by the Agency for infrastructure development of the Port Westward Urban Renewal Area (URA).

FYE 2022 Accomplishments

Underlevy tax increment revenue. The Agency intentionally underlevied property tax increment revenue in FYE 2022. Instead of collecting the maximum amount of tax revenue, estimated to be \$2,565,279, the Agency chose to impose a reduced amount of \$84,498. This reduced the amount of foregone revenues for overlapping taxing districts, resulting in over \$2,480,000 of tax increment revenue that was "shared" with impacted taxing districts.

FYE 2022 Highlights and Significant Changes

Early principal payments for outstanding indebtedness. The Agency has two outstanding debt service obligations related to the water system and rail system improvements. Both loans were provided by the State of Oregon to the Port of Columbia County, with the Agency pledging property tax increment revenue as a possible source of repayment in addition to any revenues received by the Port by users of the infrastructure.

The Agency plans to make early principal payments on both of these loans, sufficient to fully repay both loans in FYE 2023. These early loan payments however, are contingent upon the Agency successfully negotiating a reimbursement agreement with the Port of Columbia County. When these systems were originally financed by the Port, it was with the intention that private users, not the taxing districts or the Agency, repay the debt through user fees. The Agency's role was intended to provide a back-stop source of funds if user fees were insufficient to make annual payments.

Paying off the debt early without a reimbursement agreement in place could result in a costly use of taxing district resources to pay for debt service expenses that would have otherwise been paid for by the private-sector in future years. Thus, the Agency has proposed a reimbursement agreement with the Port of Columbia County. Through such an agreement, any payments from users of the rail infrastructure made after the agreement that would have otherwise been used to pay debt service, would instead be reimbursed to all affected taxing districts. Under this approach, affected taxing districts would benefit regardless of whether or not there are future users of the water system.

Without such a reimbursement agreement in place, the Agency may decide through consultation with affected taxing districts that the most financially responsible course of action is to continue making future debt service payments as scheduled.

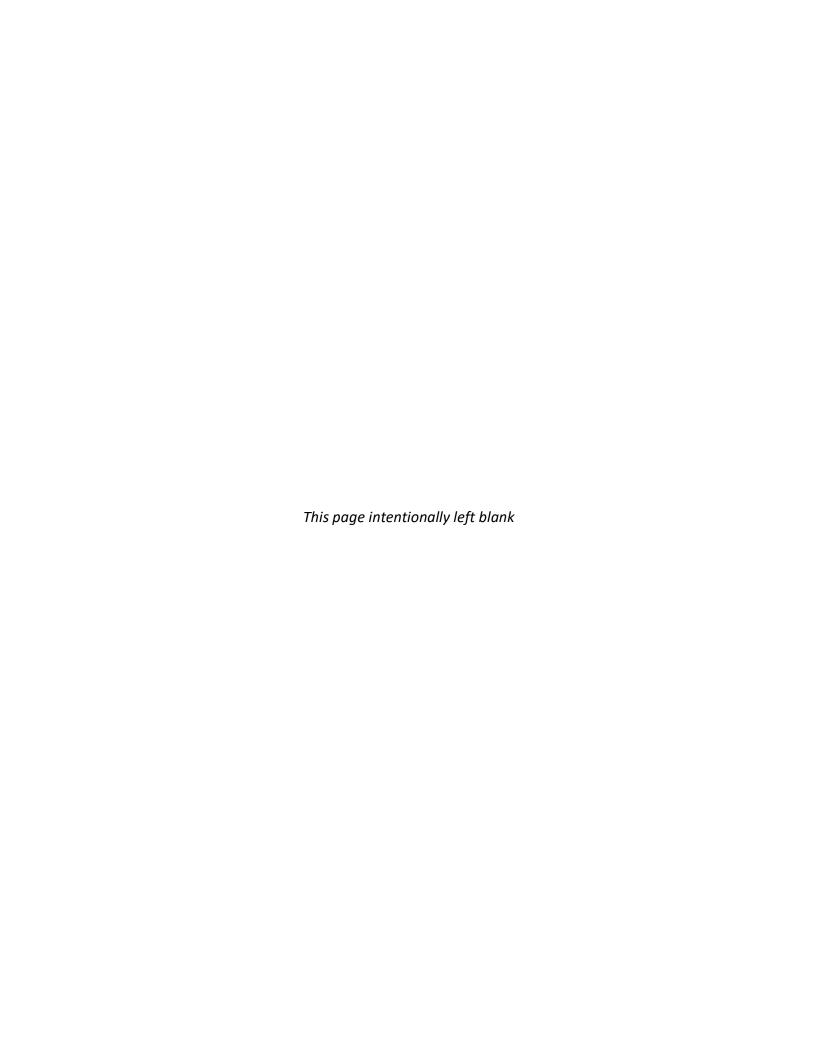

Reduced property tax increment revenue through underlevy. If the Agency were to impose the maximum allowed amount of property tax increment in FYE 2023, it would result in additional resources for the Agency beyond what is necessary to cover budgeted expenditures for FYE 2023, including repayment of all outstanding indebtedness. Thus, the Agency plans to reduce the amount of property tax increment imposed in FYE 2023.

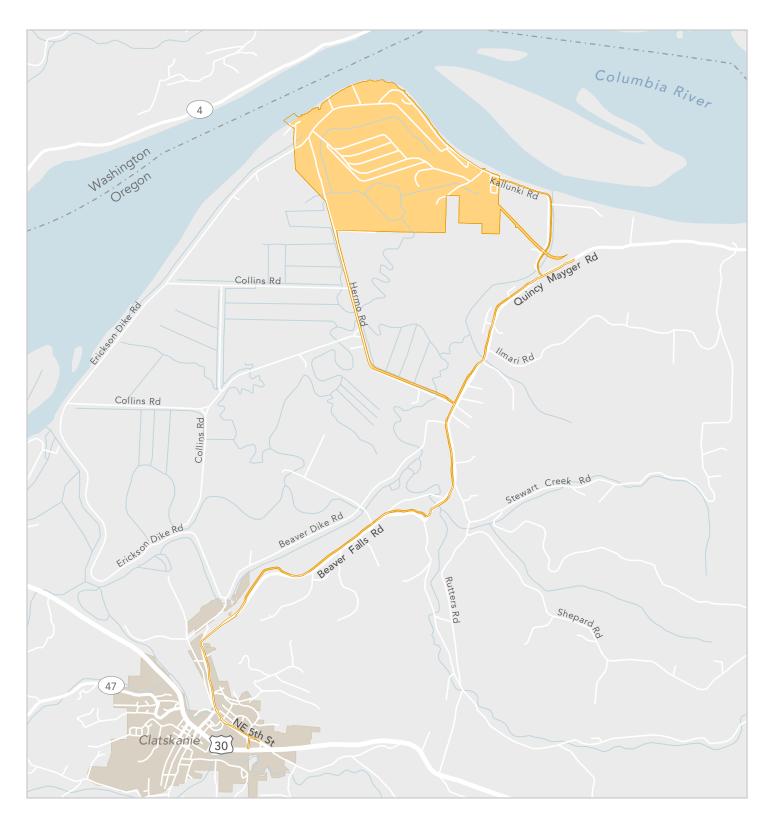

Reducing annual property tax collections can be done on an annual basis in coordination with the Office of the County Assessor through a process known as underlevying. While the Agency is forecast to have authority to impose \$2,400,000 of property tax increment revenue in FYE 2023, the Agency plans to only impose \$75,000 of property tax increment revenue. This will reduce the Agency's annual impact on affected taxing districts by \$2,325,000 in FYE 2023.

Termination of property tax increment authority. After paying off all outstanding debt in FYE 2023, the Agency would be in a position to terminate its authority for imposing property tax increment in future years. This would result in an estimated annual increase to affected taxing districts of over \$2 million per year. As noted earlier, this approach for early repayment of outstanding debt is contingent upon successful negotiation of a reimbursement agreement with the Port of Columbia County, in order to secure the best possible financial impact to affected taxing districts.

Port Westward Urban Renewal Area

Data from Columbia County. Map date: 1/25/2017.

Summary of Maximum Indebtedness

The Port Westward Urban Renewal Plan includes a maximum indebtedness of \$34,000,000, which functions as a maximum limit on the cumulative amount of indebtedness that the CCDA can incur over the life of the Port Westward URA. Note that expenditures of revenues other than tax increment (Non-TIF Resources) do not count against the maximum indebtedness limit. The table below shows the amount of indebtedness that has been used through the end of FYE 2021, based on the CCDA's annual financial reports.

Summary of Maximum Indebtedness through FYE 2021

Authorized Maximum Indebtedness	\$ 34,000,000.00
